REGULATORY

Product(s) referenced in this specification are of food grade, produced using Good Manufacturing Practices, and complies with the U.S. FDA Act as amended.

Product is produced under the jurisdiction of the FDA and listed as "Food for Human Consumption"

PREPARATION / SENSORY / TESTING REQUIREMENTS

ALL PRODUCTS ARE BAKE TESTED IN HOUSE. SENSORY AND PH TESTING IS CONDUCTED AND RESULTS CAN BE PROVIDED UPON COA REQUEST. ALL PRODUCTS ARE PASSED THROUGH METAL DETECTION AS PART OF THE PRODUCTION PROCESS

MICROBIAL GUIDELINES

*This is a raw agricultural product requiring further processing and is not a "Ready to Eat" Food.

DO NOT EAT RAW FLOUR OR BATTER

CERTIFICATIONS

kosher

CODING / LOT INFO

• *The Langlois Company uses the Julian Date for all Lot #'s. **DDDYBB**; DDD= JULIAN DATE, Y is last digit of current year; **BB** is batch number*

DDDYBB-

- The first 3 digits of the Lot # represent the Julian Day of the Year (example: 001 = 1st day, 180 = 18th day, 267 = 267th day)
- The 4th digit is the last number in the year of manufacture** (example: **9** = 201**9**, **0** = 202**0**, **1** = 202**1**)
- The 5th & 6th digits represent the recorded batch number (example: 01 = 1st batch, 11 = 11th batch, 22 = 22nd batch)

The 5 lb. bags have 7 digits and use a 2-digit year. (example: **19 = 20**19**, **20** = 20**20**, **21** = 20**21**)

A **25 or 50 lb.** bag with the Lot #: **086014** would be read as being the **14th recorded batch** manufactured on the **86th day of 2020**.

The 86th day of 2020 is March 26. Therefore, Lot # **086014** was the **14th batch** manufactured on **March 26, 2020**. Because our various departments are segregated, we know exactly which department manufactured the baking mix.

A **5 lb.** bag with the Lot #: **0862015** would be read as being the **15th recorded batch** manufactured on the **86th day of 2020**. **The 86th day of 2020 is March 26.** Therefore, Lot # **0862015** was the **15th batch** manufactured on **March 26, 2020**.
